Continuation of 4:

All claims being currently amended in an amendment paper shall be submitted with markings to indicate the changes that have been made relative to the immediate prior version of the claims. The text of any added subject matter must be shown by underlining the added text. The text of any deleted matter must be shown by strike-through except that double brackets placed before and after the deleted characters may be used to show deletion of five or fewer consecutive characters. The text of any deleted subject matter must be shown by being placed within double brackets if strike-through cannot be easily perceived. However, Applicant's submission of claims' amendments does not clearly reflect recent markings. It is not clear what exactly is being deleted (striked-through). Copy of amended claims received by fax on September 10, 2007, does not clearly refelects deletion/addition. Applicant should resubmit the clear copy of recent amendments.
